Group Meeting

What has been done since last meeting (date):

Collin: Has been taking time to better implement Hassain's button class and Darrens game states

Darren: Has been working on the Car class improvements

Hassain: Has been working on design documents for main menu improvements

Noah: Has been researching/making design artifact

What will be done before next meeting (date):

Collin: Compile all separate bits of code into one complete program

Darren: Get the Car class working, and implement Box2D. Finish design documents

Hassain: Create a table on the main menu with multiple buttons

Noah: Make sure the window can be successfully extended at the bottom
